➤ MP Series Planetary Concrete Mixer

INTRODUCTION

MP series planetary concrete mixer adopted Germany technique used for mixing concrete .It is not only applied in common concrete , precast concrete but also in high performance concrete. Planetary Concrete Mixers widely apply to produce precast concrete, common commercial concrete and high performance concrete. It is suitable for mixing dry hard concrete (roller compacted concrete). It is widely used in the production of building blocks and prefabricated parts, and also can be used to produce of steel fiber reinforced concrete, color concrete and dry mortar, etc.

ADVANTAGES

MP Series Planetary Concrete Mixer

1. Motion Track: The revolution and rotation speed of the blades have been extensively studied and tested to give the mixer a high output without causing the segregation of materials with different grain size and weight.
2. Discharging Device: According to the different demands of customers, the discharging door can be opened by hydraulic, pneumatic or by hands.
3. Hydraulic Power Unit: Special designed hydraulic power unit is used to provide power for more than one discharging gates. On emergency, these discharging gates can be opened by hand.
4. Mixing Device: Driven by the gearing system, the blades fixed on mixing arms and the scrapers arms crush and overturn the material to complete the compelling mixing.

HAMAC **MP SERIES PLANETARY CONCRETE MIXER**

ABOUT HAMAC

HAMAC Automation Equipment Co., Ltd is a professional supplier for construction machinery located in Zhengzhou and Qingdao, China. Based on the two manufacture bases, HAMAC's Parent company occupies big market in domestic market, and built agents and distributors in China mainland. HAMAC is treated as an international brand to promote the overseas market. We are becoming a famous global brand in construction machinery industry.

WHY CHOOSE HAMAC?

HAMAC owns a strict quality control system to select our suppliers, to check all the products from HAMAC also; HAMAC does not pursue a high profit, but with reasonable profits to cover basic cost and to confirm the quality; HAMAC provides our clients with professional exporting service more than products, to make your purchase experience satisfied.
